

Report for Nedging with Naughton Parish Council 9.9.19

Robert Lindsay, Suffolk County councillor.

Buses to lose subsidy

As you've no doubt heard some of the more rural buses on which people are completely dependent have had a stay of grace until March and this includes the 461 and 462 Hadleigh to Stowmarket, operated by Hadleigh Community Transport (HCT). Elmsett Parish council are looking to hold a meeting for parish councils along the route and concerned residents some time this autumn to see what can be done post- March. I have not been told why the stay of execution has been given but I have no doubt that personal objections and petitions raised with the cabinet member for transport have had an impact.

40mph roundels on Ipswich Road

I have again chased about when the work for this will be done. I am told it will be before Christmas, and I presume they mean this year.

Speedwatch

Your chairman has copied me in to correspondence iwht the police about this and the fact that the team has been asked.
