

Nedging with Naughton Village Hall Report

November 2022

Meetings

Our next meeting will be on 5th December.

Environment

We are still waiting to hear about the trees which have been ordered.

The bench at the front of the hall has been repaired and so has the old picnic table. The swings, surfer and bouncy duck are installed. I have received some good feedback on them. We are just waiting for the beam and old swings to be repaired. The swings have been repainted in bright colours. We were hoping to paint the climbing frame but are unable to due to the covering on it.

Building

We have noticed that the curtains are getting damp so we are investigating the cause. We no longer have a cleaner so currently managing this ourselves until we decide whether to find another. We have noticed that the curtains have been sucking up moisture so servicing is booked for the Drimaster unit and heating systems.

Classes

The exercise classes and dog training are still running though there are still places available in all classes. Unfortunately, Rosina has decided to give up running the coffee mornings due to her husband's ill health. The last one will be in December.

Events

The Posh frock dinner is on Saturday November 12th. Numbers are lower than in previous years but we are sure it will be good night for all 30 of us attending. The Christmas Quiz is planned for December 10th. We have already had people booking places for this so I expect it to be over subscribed.

Bookings

The hall has been hired out few times in the last couple of months.
