

## Nedging with Naughton Village Hall Report

November 9th 2021

### Maintenance

The building of the extension has recommenced, the walls and part of the roof are now up.

We have now had 3 quotes for the landscaping behind the hall – to put in a patio area and clear the overgrown bushes we are still discussing this item.

Regarding the email about the side gate into the playing field not being wide enough for a disabled person to get through, this is in hand a replacement is being made.

The lady who cleans the hall is now going in every two weeks as the hall has become increasingly busy. Plus, the builders have been using the hall when they are there.

### Activities

The classes are all up and running. The keep fit class has seen its numbers drop slightly due to illness and are looking for a couple more to join the class. Tai Chi started off with large numbers but as was expected some who were trying it out decided it was not for them so the numbers have dropped so there is a couple of places to fill. The dog training class is doing really well and they are thinking of booking another night in the week too.

### Bookings

The hall had a booking on Wednesday and Sunday last week. The Nedging Church Christmas bazaar is planned for November 27th. The Coffee mornings are being quite well attended but mainly from those from outside the village which is a shame.

### Events

The Harvest Supper was well supported this year. 59 tickets were sold.

The next event will be the Christmas Quiz on 11<sup>th</sup> December. This will be followed by a Beetle Drive on 5<sup>th</sup> February with Ploughman supper.
